## **Free, online resources are available to support CPST recertification**

Visit <http://cpsboard.org/certification-recertification/>

\*Check the site regularly as new webinars are continuously added; This list is current as of 3/2/18.

### **CPST CEU Webinars**

#### **General**

- Child Passenger Safety and Autism
- CPS in Pickup Trucks
- Expanding Technician Skills: Special Needs Transport In-Service for OTs, PTs & Hospital Personnel
- Expanding LATCH & Labeling Curbside
- Fact or Fiction
- LATCH 2017
- Latest Research: Harnesses and Boosters
- Recreational Vehicles and Child Occupants: Guidelines and Recommendations to Provide Parents
- Research Incompatibilities in Installation
- School Bus Protection and CPS
- Transporting Children by Ambulance

**Manufacturer Updates:** Information provided by the Manufacturers

#### **Community Education Webinars**

- Beyond Inspections: CPS Technicians Teaching Classes (60 min)
- CEU Toolkit (15 min) Note: Visual begins at 54 seconds
- CPS and Head Start (60 min)
- CPS Board and Our Resources (30 min)
- Engaging Technicians and Parents (30 min)
- Finalizing the CPS Tech Course (30 min)
- Lead Instructors: Before, During, After (60 min)
- Providing Feedback (40 min)
- Safe Sleep and CPS: Recommendations and Policies (60 min)
- Using Technology Curbside (30 min)
- Working with Adult Learners (60 min)

## **CPST Recertification**

The certification cycle for both technicians and instructors is two years, and all requirements of the recertification process must be met:

1. Pre-Registration Requirements:
  1. Verified seat check activity (5 types)
  2. Community education (Select one of the following)
    - Participate in at least 1 two-hour check up event with at least one other CPS Technician
    - Provide at least 4 hours of community education
    - Attend a one hour (minimum) educational session, live or online
    - Continuing education (6 CEUs)
    - Certification/Renewal course teaching hours, if an instructor (20 hours)
2. Registration and recertification payment

More information can be found at <http://cert.safekids.org/resources-faqs/forms/recertification>  
(You can access this webpage from <http://cpsboard.org/certification-recertification/>)

## **Community Education**

There are three kinds of community education that can count toward recertification. One option is to attend a one hour (minimum) educational session(s), live or online. The recorded webinar on cpsboard.org meets this requirement. There is no quiz (Quizzes are only required for CEU sessions, see below). Community Education is not audited and no proof of completion is provided. After you watch the webinar, enter it in your online certification profile. You can mix and match webinars to total 1 hour (minimum requirement).

## **Online CEU Sessions and Quizzes**

To earn online continuing education units (CEUs), technicians must carefully review session materials and pass the corresponding quiz by answering eight out of ten questions correctly. Technicians may earn one CEU for each quiz passed per certification cycle. All six required CEUs can be earned through online/web session CEUs per certification cycle.

Enter your name and certification number as they appear in your online certification profile and print out the certificate of completion after passing each quiz for your personal records.

Please note: There is no online record of technicians who have passed each quiz, so if you do not save or print out the certificate or if it becomes damaged or lost, you must retake the quiz. To save a copy of your certificate, click "Print this certificate" and choose "Save as PDF" as the printing destination. You can also right click on the certificate and select "Save Image".

After earning your CEU, log in to your CPS Online Profile, click on Recertification Activities and follow prompts to enter the CEU under "Category 4: Online/Web Sessions."

Additional tips on how to earn CEUs for Recertification can be found at:
